SPECIALIZED PROGRAMMING

Skyline houses a STEM (Science, Technology, Engineering & Math) Academy and a VPA (Visual & Performing Arts) Academy. Students may also qualify for an Honors Certificate. All three programs require 28 credits to graduate and other, specialized course requirements. We are also home to a new P-Tech Academy that grants our students the ability to graduate with both their High School Diploma and their AAS in Computer Science from Front Range Community College.

STEM Academy: Our STEM courses are designed so that students have the opportunity to develop multi-cultural relationships within teams to collaboratively solve problems and to develop leadership skills. This is a comprehensive program that introduces our students to advanced technology and equipment and our students collaborate with local businesses through our Innovation Center.

- For more information, go to www.shs.svvsd.org/stem

VPA Academy: Skyline provides a rigorous, comprehensive and technology-infused arts program that will prepare our students for post-secondary education, careers and other creative fields.

- For more information, go to www.shs.svvsd.org/vpa

P-Tech Academy: Skyline is proud to partner with IBM and Front Range Community College to offer students an opportunity to earn a high school diploma while working on their Associates of Applied Science degree in Computer Science simultaneously.

Honors Certification Program: To provide a challenging opportunity for dedicated and talented students who wish to excel in academic achievement, and who participate in extracurricular and community service activities. The following rigorous program of study is required to earn an Honors Certificate:

- 3 Credits of honors courses and 4 credits of AP and/or Front Range Community College (FRCC) courses.
- 3.25 (unweighted) Cumulative GPA or higher
- 1 School sponsored extracurricular activity each year
- 60 hours of community service
