

STEM Academy

Design Thinking & Project-Based Learning:

Robotics

Electronics

Architectural Engineering

Computer Aided Design

Renewable Energy

Multiple levels of Computer Science

Student-Driven projects

Skyline High School STEM courses are designed so that students have the opportunity to develop relationships within teams to collaboratively solve problems and develop leadership skills. Hence, the courses not only improve the academic component of the students' lives but also provide valuable life lessons that can be applied to solve tomorrow's problems in the real world.

Anyone can take a class if they are interested!

Contact: giuliani_amanda@svvsd.org

Boys Basketball

Please e-mail Coach Cervený at cervený_tyler@svvvsd.org with any questions regarding basketball for the 2020-2021 Season.

Last season the Falcons finished 19-6 and made it to the Sweet Sixteen round of the 4A Playoffs.

WINGS UP!!!!

Falcon
Softball

Spread Hope, Help, and Strength!

Sources of Strength is...

A best practice youth suicide prevention project designed to harness the power of peer social networks to change unhealthy norms and culture, ultimately preventing suicide, bullying, and substance abuse. The mission of Sources of Strength is to prevent suicide by increasing help seeking behaviors and promoting connections between peers and caring adults. Sources of Strength moves beyond a singular focus on risk factors by utilizing an upstream approach for youth suicide prevention. This upstream model strengthens multiple sources of support (protective factors) around young individuals so that when times get hard they have strengths to rely on.

"Winners Only!"

Skyline Cross Country

Please fill out the google form if you have any interest in joining cross country:

[Cross Country Info Sign-Up](#)

National Honor Society.

More Than an Honor Roll

While NHS membership is the true mark of academic achievement, it goes far beyond a report card. All student members must also reflect the program's respective pillars to be inducted—ideals such as scholarship, service, leadership, and character—and they must continue demonstrating these pillars within their community throughout their membership.

Purpose:

- To create enthusiasm for scholarship
- To stimulate a desire to render service
- To promote leadership
- To develop character

Alejandra Jimenez (jimenezvar_alejandra@svvdsd.org)
Stephanie Mares. (moncadamares_stephan@svvd.org)

INNOVATION CENTER

of ST. VRAIN VALLEY SCHOOLS

INNOVATION CENTER

of ST. VRAIN VALLEY SCHOOLS

Innovation Center Overview

At the Innovation Center, we focus on:

- Advanced courses to all of the high schools in the district.
- A variety of paid opportunities for students interested in furthering their knowledge in a given division via our project teams. Students must apply.
- Our partnerships with industry and higher education organizations
- Diffusion of innovative practices that incubate at the IC are shared with schools throughout the district.

Innovation Center Pathways

At the Innovation Center, we have multiple divisions that provide pathways to students in specific fields. Pathways include:

- Introductory-level courses to introduce students to a field
- Intermediate courses to develop skills and knowledge
- Advanced courses that provide college credit and an opportunity to apply skills and knowledge to authentic tasks
- Opportunities to earn industry certifications
- Access to advanced technology as well as professional mentors
- Work-based learning opportunities like internships, apprenticeships and Innovation Center project teams

INNOVATION CENTER
